

National Khoi & San Council

Representing:

Korana, Bushmen, Griqua, Nama & Cape Khoi

Good Day Dear Reader

In view of the proposal for Princess Vlei by C.A.M.P.S, we the National Khoi & San Council hereby would like to state that we approve of the Khoisan Village, Memorial Centre and the Boma area. We appreciate the time and effort shown to honour our heritage and culture on this precious land.

We have come a long way in wanting recognition for our culture, our land and our communities and this will certainly show us the recognition we deserve as the First Nation.

We certainly also hope that this plan becomes a reality as we certainly need areas where we can enlighten people about our culture.

It has been a great honour assisting with the layout of the village and the memorial centre.

Kind Regards

Chantal Bruckner
